## INTRODUCTION

Ship Service Company was established in the year 2014 to provide the best marine services to Marine and Offshore industry in Saudi Arabia. With growing demands of marine services in the Kingdom, SSC Marine was confident of its growth by adding potential customers to the database and most required marine services to the scope of its services.

With client recognition and appreciation for our quality and professionalism, we kept the expectations of the clients up to the mark and kept growing, serving various customers as one of their reliable and chosen service providers.

Located in Eastern Province of Saudi Arabia, Ship Service Company provides marine equipment and services to the Marine, Oil & Gas and Offshore Industry.

Accredited with ISO 9001:2015, SSC Marine is committed to deliver reliable, on time quality services in every respect, and provides quality assurance to our clients.

We have built our reputation on our commitment to our client's success and interest, and recognized for our efficient and cost effective approach

## MARINE PLUMBING AND MARINE HVAC

Marine Plumbing doesn't typically give warning that something is about to go wrong with the plumbing system. Aside from some normal wear and tear repairs and Maintenance, a plumbing issue can be non-existent one moment and a disaster the next.

The same applies with Marine HVAC. SSC Marine has solution for both difficulties

### Inspection and Repair
